Spirit High for WT's Homecoming

Around - - - - The Town

By DOROTHY HALEY

Mr. and Mrs. Baile McCormick spent the weekend in Stillwater, Okla., visiting with their son and his wife, Mr. and Mrs. Jack McCormick.

Mrs. W. A. Warren and Bernard Warren are attending market in Dallas this week.

Dr. Leta Boswell left Saturday night for Chicago where she will take a two weeks' course in obstetrics.

Guests in the home of Mr. and Mrs. Curt Samples Wednesday and Thursday were her aunt and uncle, Mr. and Mrs. John Branom of Cumby, Texas.

Mrs. J. D. Barker, Mrs. Douglas Marshall, and Mrs. C. Petruccione spent last weekend in San Antonio where Mrs. Petruccione attended a teachers' meeting and Mrs. Barker and Mrs. Marshall visited with their daughters who are enrolled at Trinity University.

James Cundiff, a senior student at Baylor Dental College in Dallas, spent the weekend with his parents, Dr. and Mrs. E. J. Cundiff.

Mrs. Earl Reynolds, Terry and Garry, returned Friday from a three weeks' visit with relatives in Dallas.

Guests in the G. B. Combs home Monday and Tuesday were Mr. and Mrs. J. M. Harte of Gruver.

Guests in the G. B. Combs home Friday and Saturday were Mr. and Mrs. C. V. Lowe of Gruver.

Mr. and Mrs. Eddie Holcomb, Mr. and Mrs. Bud Schofield and Mr. and Mrs. Don Holland spent the weekend with Mr. and Mrs. Don Vance at Bovina.

Dr. and Mrs. R. A. Neblett and Mrs. C. R. Burrow returned Sunday from a vacation trip to the Virgin Islands, Puerto Rico, Haiti, and Jamaica. They also spent some time in Florida.

Mr. and Mrs. Redmond Hand spent Sunday in Plainview with

Bufs Preparing For Rugged VPI

After snapping a six-game losing streak last week, West Texas State's Buffs tangle with strong Virginia Tech in what is expected to be a high-scoring intersectional football game Saturday. The 2 p. m. contest in new Buffalo Bowl will be homecoming for West Texas.

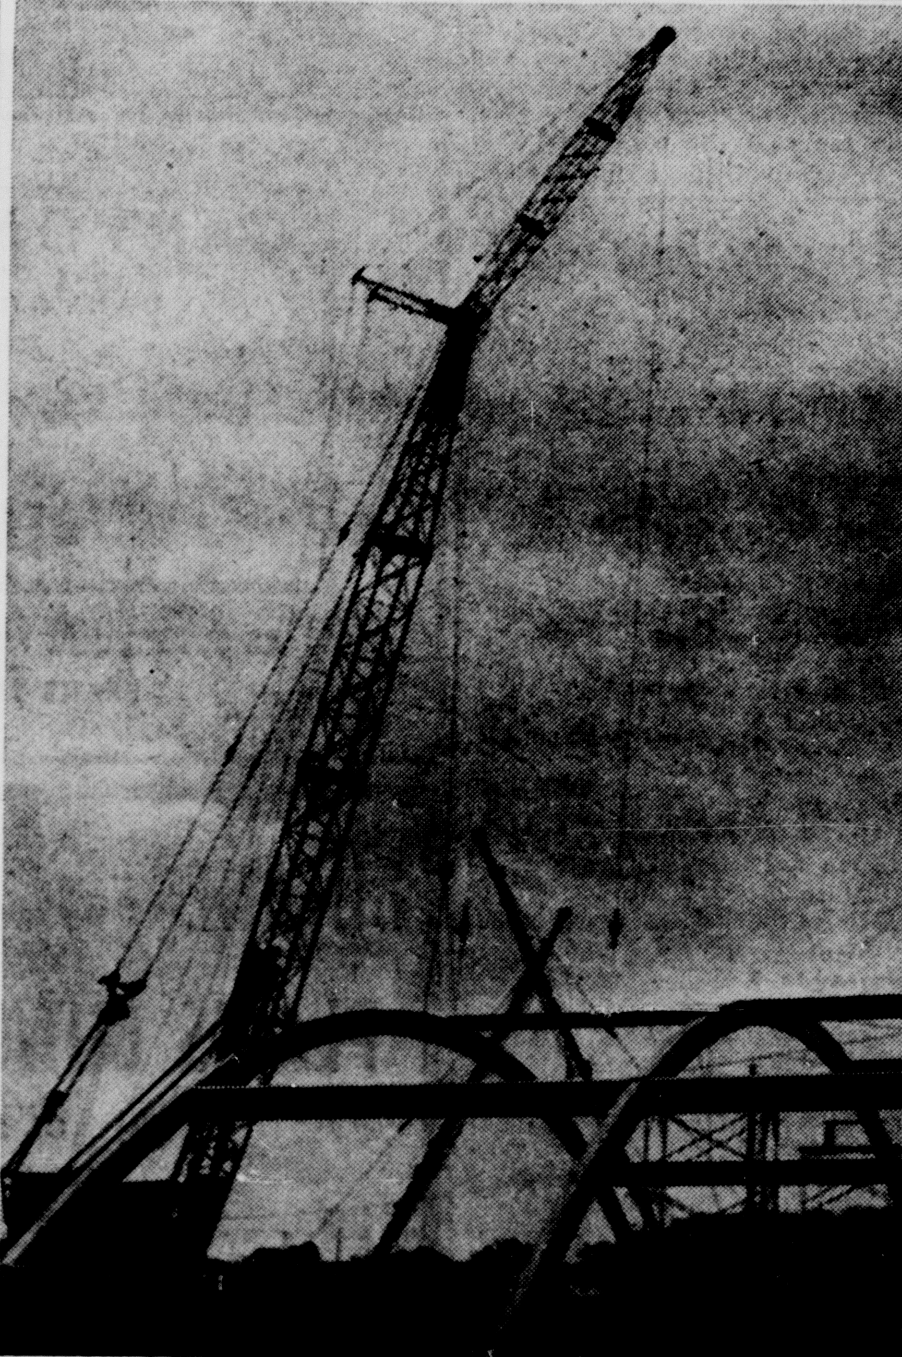

Fresh from an impressive 34-21 trouncing of Drake University, West Texas is preparing for one of its toughest tests of what has been a dismal season. VPI has won four of its last five games and is a strong contender for the Southern Conference championship.

Overall, the Gobblers of Blacksburg, Va., own a 4-3 record. Coach Frank Moseley's club lost a one-touchdown decision to Wake Forest, a two-point verdict to North Carolina State, and a one-point heartbreaker to Florida State. They have belted William & Mary, Virginia, Villanova, and just last week slaughtered Richmond, 51-29.

The big VPI will be spearheaded by end Carroll Dale, a 6-1, 195-pound senior, who made the AP's second All-America team last year and was named "player of the year" in the Southern Conference. West Texas met VPI for the first time last year at Roanoke and the Gobblers won, 28-12. It was Coach Clark Jarnagin's first combat as head coach of the Buffs and he well remembers that VPI ran back the opening kickoff for a touchdown.

"We haven't forgotten that opening minute," remarked the rotund Buffalo boss, "and we will be working on a defense for that very thing this week. We know VPI is tough and we just hope our win last week will give us added incentive for an all-out game effort Saturday."

Virginia Tech will fly to Texas Friday afternoon and work out in the new 20,000-seat Buffalo Stadium. It will be the Virginia school's first visit to Texas since losing an 18-6 decision to Cincinnati in 1946 in the Sun Bowl at El Paso.

Floyd Richards Construction Company of Amarillo got off the ground late last week on construction of the new Canyon High School. The large crane here is setting the beams for the roof of the new auditorium. The school, which will cost nearly \$1 million, is being built south of Ninth Avenue and just east of 8th Street.

Money Asks Court To Cut City Taxes

Urban property owners will "get beat out of" another year of lower taxes if the value of urban property for tax purposes is not re-evaluated soon, Bill Money, Randall County tax assessor-collector, told county commissioners at their Monday meeting.

Money appeared before the Randall County officers to ask if they were going to hire a firm to evaluate property and if they were planning to equalize rural and city taxes.

Places A Burden

Money said that removal of the personal property tax on motor vehicles placed a burden on real property owners.

He was backed up by E. T. Cummings, county auditor, who said, "We can't lower anything, anyway, after we lose the personal property income from motor vehicles."

After hearing this, Money said, "I bet you a hat right now we don't get city taxes lowered for '61."

'Never Gamble'

C. Y. Johnson, commissioner of Precinct 4, replied, "I never gamble."

Johnson and B. E. "Baile" McCormick, commissioner of Precinct 1, defended last week's action by the commissioners in abolishing the tax on cars and trucks in the county.

McCormick said it was the "only tax we could have done away with that would give everyone some tax relief."

Without the tax on cars and trucks, the county is expected to lose some \$38,000 in revenue. However, Cummings said about the \$2 million increase in valuations expected in the county "ought to" offset the loss.

An 'Unjust Tax'

Money opposed the abolition of the tax last week, however, he referred to it as an "unjust tax" at Monday's meeting.

In answer to his questions, Johnson told Money that any action on re-evaluating property would have to wait until after the five-man group studying the tax problem in Randall County has reported.

In other commissioners' court action, W. A. "Bill" Wilson, justice of the peace for Precinct 1, was appointed special commissioner to auction off the old tax office and residence in South Amarillo.

Hits Legal Snags

A. W. Lair, county criminal district attorney, was instructed to handle formalities to insure the legality of the sale. Previous attempts to sell the property have hit legal snags, preventing the final sale.

Commissioners also converted \$99,000 in claims to warrants for purchase of Highway 60 right-of-way. They cancelled \$1,000 of unspent money included in their most recent issue of warrants for ROW purposes.

Bill Davis, Columbian Securities Corporation representative, said this leaves the commissioners with \$30,000 for ROW purchases in the county.

Chiefs Get Eye Of Wary Eagles

"Friona is the only team in Texas this week as far as we're concerned," Coach Bill Davis told the members of the Eagles Booster Club Tuesday night.

The Eagle mentor said the Friona Chiefs, who Canyon must beat at Friona this week to stay in contention for the District 1-AA grid title, will be a tough opponent for his charges.

He said it would take a team effort, such as the Eagles displayed last week in downing Tulia, 22-0, to whip the Chiefs.

Although Friona hasn't won a district game this year, it has been a thorn in the side of Tulia and Dimmitt. The Chiefs' defense held Dimmitt to three touchdowns on one of the Bobcats lower scoring evenings.

Coach Davis said the Eagles had held two good workouts and the attitude for the game was good, he thought. He predicted a close game if the Chiefs are "up" for the contest.

Coach Earl Smith of Friona will be banking on fast charging line and a speedy backfield to upset the Eagle apple cart.

Jackie Hight, 148-pound senior halfback, is Friona's best ball carrier. He is joined by Ronnie Castleberry, 145 pounds, at quarterback, and Gary Bradley, 145 pounds, at fullback.

Overall, the Chiefs and the Eagles are about equal in the weight department, except in the tackle slot. On defense, the Chiefs move 201-pound Tommy Massey into the line from the offensive right half-back position.

Friona uses the split-T formation with a balanced line, as well as a spread formation. Castleberry is a better than average passer, and the Chiefs have used the aerial to good advantage this season.

The Eagles will counter with the winged-T and lonesome end formation which they have used all season. Coach Davis said he expects to put the Friona pass defense to the test with some deep passes, however.

The Eagles stand 1-1 in district play after the win over Tulia. Canyon lost to Dalhart, 20-16, in the opening conference encounter on October 16.

Business Firms to Close For Barbecue, Grid Game

Most Canyon business firms plan to close Saturday from noon until after the West Texas-Virginia Tech football game, Roland Black, executive secretary of the Chamber of Commerce, said Wednesday.

The businesses will be closed for the barbecue, which will be held at old Buffalo Stadium, and game, but plan to re-open for Saturday afternoon shoppers, Black said.

Mr. and Mrs. Walter Graham returned Tuesday from a tour of Hereford auction sales in Nebraska and Kansas.

L. S. "SLIM" JOHNSTON

Johnston Seeking Sheriff Job Again

L. S. "Slim" Johnston has announced his candidacy for re-election to the office of sheriff of Randall County with the following statement:

I take this means of announcing my candidacy for re-election to the office of sheriff of Randall County. I am now serving in my seventh year as your sheriff, which I have enjoyed very much. The people of Randall County believe in enforcement of the law and have backed me in every phase of law enforcement. Also, all of the law enforcement agencies with which I have had occasion to be associated have given me the best co-operation that one could ask for. I have hired only the best personnel I could find to serve you in the Randall County Sheriff's Office. These, and the fact that the people of Randall County, on the average, are law abiding citizens, all go to show the reason for Randall County having one of the lowest crime rates in the state. It is my intention to try to improve our services to you in every way possible, and all constructive criticism and suggestions that will make for a better Randall County or improve law enforcement will be welcomed.

I want you to know that I am grateful for your having given me the chance to serve you as your sheriff in the past. Should you feel that I merit your confidence, I would greatly appreciate your vote and influence in the coming elections. If I am elected to continue to serve you as your sheriff, I will try to justify your confidence and to show you my appreciation by trying to give you the best law enforcement that I am capable of rendering.

It is my intention to see as many of you as possible and discuss our mutual problems before election time. But should I miss anyone, I take this means of soliciting your vote and influence.

Big Celebration Begins Thursday

Prelude to West Texas State College's Golden Anniversary Homecoming will start Thursday as the campus begins observance of Western Week.

Mounting spirit will be climaxed Saturday when thousands of ex-students are expected back for a full day of activities.

For two days preceding homecoming, mandate will be that all students and faculty must wear three items of western garb on penalty of being jailed by a posse of athletes, led by Milt Fitts. A ready-made jail was to have been borrowed from a neighboring city by the Student Senate.

Dance Begins Fete

Kicking off the three-day celebration will be a western dance Wednesday night in the Student Union Building, sponsored by Chi Omega sorority.

First major event will be the annual homecoming assembly at 10 a. m. Thursday, which will be climaxed by the crowning of WT's Homecoming Queen.

Eight coeds are in the running for queen, and runners up will form the royal court. Candidates include Barbara Shepard of Amarillo, Patsy Altmiller of Darrout, Julia Rieburg of Estelle, Barbara Knox of Brownfield, Vada Bell of Wellington, Carol Hoover of Dumas, Ruth Hutton of Dalhart, and Eleanor Maddox of Claude.

KVII To Televis Events

The assembly and the parade on Saturday will be televised by KVII in Amarillo.

An intramural rodeo, sponsored by the T-Anchor Club, has been planned for 7 p. m. Thursday at the rodeo arena, and contestants will be members of various campus fraternities, sororities, and other clubs.

Men's events include bareback riding, calf-roping, and bull riding, while the women will compete in goat-tying, calf scramble, and cow milking. Organized groups will be allowed two entries in each event.

Admission will be 50 cents for students and \$1 for adults.

Bonfire, Rally on Friday

Slated Friday is a bonfire and pep rally, and members of the freshman class will be scouring Canyon and area for fuel for the big blaze, which will be touched off at 7 p. m. north of Conner Hall.

An open house also is scheduled Friday at 8 p. m. in the Fine Arts Building, and a concert by the WT A Cappella Choir, conducted by Dr. Houston Bright is planned by the music department.

Following the concert, the final act of "A Midsummer Night's Dream," directed by William A. Moore, will be presented in the Branding Iron Theatre. An exhibition of paintings by WT art students also will be on display.

To Honor Class

Members of the Class of '34, who will be observing their 25th anniversary during homecoming, will be entertained Friday night at the

home of Mr. and Mrs. Milton Morris at 7:30 p. m. The group will also meet for their reunion Saturday at 4:30 p. m. in the Panhandle-Plains Historical Museum. Members of the class and their friends are invited for both meetings.

On Homecoming Day Saturday, activities begin at 9 a. m. with registration of exes in the Administration Building, and a business meeting of exes in the main auditorium.

The parade, due to start at 10:30 a. m., will begin forming at 10 a. m., and will include 16 visiting

Mayor Charles Donnell has proclaimed Thursday and Friday as Western Days in the City of Canyon and has asked all residents to wear at least three articles of western clothing on the three days.

The mayor set Western Days to coincide with West Texas State College's Western Week, part of the homecoming celebration.

In his proclamation, Mayor Donnell cited Western Week as "one of the many activities of the college preceding the Homecoming celebration," and said "the citizens of the City of Canyon have been asked to participate in Western Week in order that a true and uniform spirit of the Homecoming festivities will be generated throughout the city."

bands, the West Texas State Buffalo Band, six riding clubs, and floats entered by campus organizations and Canyon businesses.

Bands, Riders Coming

Bands include the Canyon junior and senior high school organizations, and from high schools in Springlake, Pampa, Kress, Sudan, Sundown, Canadian, Floydada, McLean, Lefors, Dumas, Claude, Dalhart, Friona, Gruver. Riding clubs include the Amarillo Range Riders, Dalhart XIX Riders, Hereford Riding Club, Hutchinson County Sheriff's posse, Pampa Riding Club, and Dimmitt Riding Club.

The barbecue will be served in Old Buffalo Stadium, starting at noon, with Walter Jetton Foods of Fort Worth catering. Cost per plate will be \$1.25. Advance reservations have been conducted through the Canyon Chamber of Commerce and the Ex-Students Association.

One of the climaxing features of the day will be the game at 2 p. m. in new Buffalo Stadium between the Buffaloes and strong Virginia Tech of the Southeast Conference. The Gobblers routed Richmond last Saturday, 51-29, and have won 4 and lost 3 for the season. A contingent of fans from Virginia is expected.

8 Parties Announced

Club teas and smokers are scheduled from 4:30 p. m. after the ball game, and eight parties have been announced. These are Alpha Delta Pi in Randall Hall brick lounge; Alpha Tau Omega in VFW Hall; Chi Omega in Randall ballroom; Delta Zeta in Brown Hall; Sigma Nu in the Jack Taylor home; Zeta Tau Alpha in Randall Hall; Alpha Psi Omega in the Fine Arts green room; and Buffalo Masquers in the intimate theater of the Fine Arts Building.

Closing out the homecoming celebration will be a big dance in the Field House, with Hugo Loevenstern and his orchestra playing. Admission will be \$1 a person, but visitors who do not wish to dance will be welcome.

The seats upstairs in the Field House will be open. The dance is the first ever to be held in the big gym, and will start at 8 p. m. and continue until 12:30.

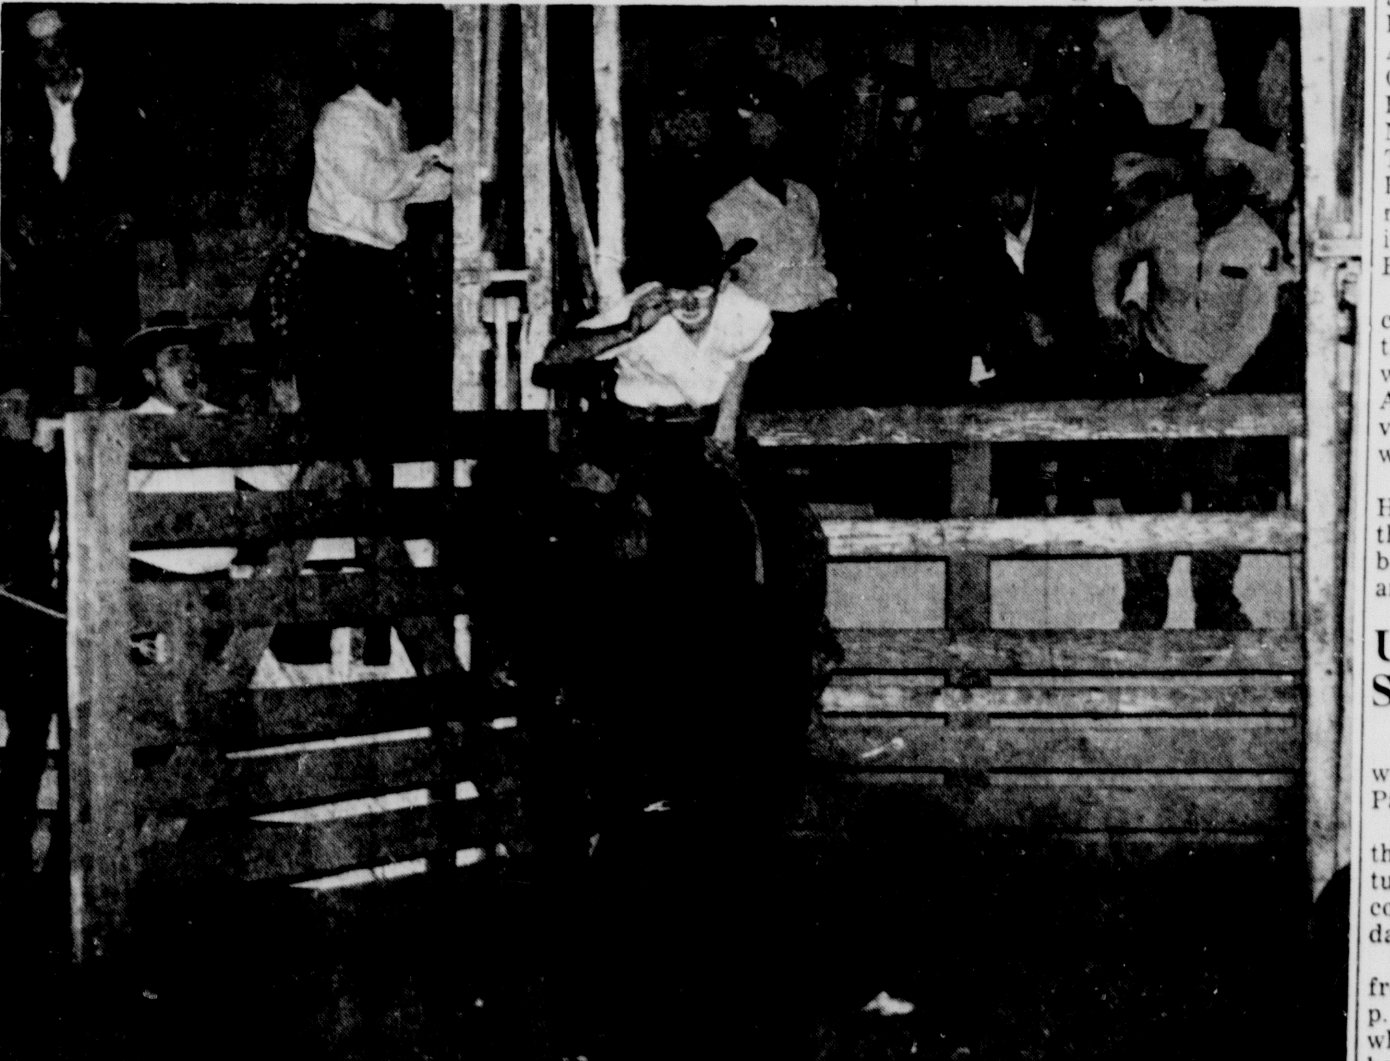

Umbarger Festival Slated for Sunday

The annual Umbarger Festival will be held Sunday at St. Mary's Parish Hall in Umbarger.

The festival, held yearly to clear the debt on the parish plant, features dinner and supper meals, the country store, a bazaar, and a dance.

Serving hours for the meals are from 11 a. m. to 2 p. m. and 5 p. m. to 7 p. m. The country store, which will include such items as homemade breads, cakes, and butter, will be open throughout the afternoon.

The event, which yearly draws hundreds of area residents, will have increased serving and seating capacity this year.

Leon Swift, student at West Texas State College, tries his luck in the bull riding event of a college-sponsored rodeo, which will be one of the highlight events of the WT Rodeo Club's intramural rodeo Thursday at the WT rodeo arena. The rodeo will herald annual homecoming activities at the college. Tickets for the affair are \$1 for adults, 50 cents for children, and 50 cents for WT students with activity cards.

The Big Question

One of the nicest things about a college town is the annual homecoming week-end.

It's kind of like the week of the county fair in some areas of the state.

There's a gay, light air as the people you meet on the street groan about the work left on their floats, knowing full well that it's really rather enjoyable.

Homecomings, in general, usually aren't concerned too much with pomp and ceremony. People just like to see friends they haven't seen since last year's homecoming, or year before last, or possibly haven't seen since they were in college.

Homecoming has been described as the "remember when" time, as exes relive and recount incidents of their college days.

But something new has been added to West Texas State College's annual homecoming celebration this year. The college administration is asking everyone to pause a moment in recognition of the institution's 50 years of growth and progress while serving the Panhandle of Texas.

To carry out this purpose, the parade from the college through downtown Can-

yon has "Golden Anniversary" as its theme this year.

The merchants, businesses, and firms in Canyon have been very enthusiastic in their acceptance of the parade and its purpose this year. And in their acceptance they are recognizing the part the college has played in the development of Canyon.

The Chamber of Commerce has gone a step farther than just recognizing this fact; it is underwriting a major portion of the noon barbecue which will be held Saturday.

The college could ask for no better response than it has received to the homecoming.

The floats in Saturday's parade probably will deal with accomplishments of the college and city during the past 50 years.

But many are wondering about the future. While it is nice to recognize past accomplishments, what plans for the future has the college?

It is a valid question and one which the college officials might consider as they observe the support—financial and otherwise—which the college is receiving from Canyon this weekend. (OG)

Taxing the 'Good' Citizens

State and federal lawmakers should take a good long look at the recent tax-cutting action of the Randall County commissioners.

It isn't often that any legislative body endowed with setting the taxes for its representatives abolishes a tax that puts money in the till.

But Commissioners B. E. McCormick, Clarence Beckman, Glenn Dowlen, and C. Y. Johnson did just that. And it was a tax which brought \$38,000 into Randall County's fold this year.

The commissioners did away with the personal property tax on cars and trucks. Reason: Too many people were ducking the payment.

It appears that only the "good citizens" of Randall County were paying the small yearly fee assessed for cars and trucks while the "not so good" citizens were dumping the tax statements in file 13 and waiting for the county to try and collect it.

And one-third of the persons taxed for cars and trucks were getting away with not paying the tax.

The state and federal governments have taxes which are just as unfair. But until the "good citizens" decide they are tired of carrying the load, nothing will be done about it.

We're not against taxes as long as everyone has to shoulder the load. But any form of taxation which penalizes the responsible citizens of any community is taking an unfair advantage of those

citizens' pride in their government.

The \$38,000 which abolishment of the car and truck tax deletes from the county budget will have to come from some other source.

If not, then Randall Countians can expect \$38,000 worth of county services to be done away with. You get from government exactly what you put into it.

But the important thing is that the commissioners have realized that car and truck tax—as it is assessed and collected in Texas—is unfair.

Therefore, it seems almost certain that the form of taxation which replaces that tax will be a levy which everyone, be he a "good" or "bad" citizen, will have to pay. (OG)

Castro Shows Himself

Fidel Castro's television speech attacking Havana's highly respected daily, El Diario de la Marina, is one more proof that the Cuban dictator cannot tolerate press freedom. It follows his berating of Jules Dubois, Latin-American correspondent of the Chicago Tribune, who was long a chief apologist for Castro.

Castro's ire has been raised most by the charge that he has become another Latin-American dictator. But it is his denial of press freedom that reveals him in his true light. News suppression and control are the first and basic instruments by which every dictator of modern times has entrenched himself.

(Dallas Morning News)

What Our Neighbors Say . . .

Scissor Snippings

Bascom Nelson in the Castro County News: Anyone who has stock in a brewery, a distillery, or a Precinct 4 package store had better unload in a hurry. We see where one-fourth of the 16,000 teenage students in Wichita Falls have been accused of obtaining cheap drinks by breathing plastic cement fumes. Who's going to buy a fifth of Scotch for \$6 or so when he can get the same kick out of a 25-cent tube of glue? Maybe for the first time since man swallowed his first gulp of fermented grain juice, there will be a major improvement in one of his chief sins.

From now on, if a man's all stuck up, it won't mean he's conceited, but has instead been sniffing polystyrene glue and is pasted instead of plastered.

The terms will no longer be wet or dry but stuck or unstuck.

So it is for young students to forge ahead in the field of simple imbibition and further reduce the drinking to smelling. This leaves the senses of sight, feel and hearing and we wonder how long it will be before a person can buy movies to make him drunk by sight, some kind of electronic machine to make him drunk by feeling, or a record to dull his senses through sound.

This all sounds silly? Sure, but mankind's centuries-long search for happiness out of a bottle is not the epitome of sobriety and logic, either.

Hop Graham Jr. in The State Line Tribune: Now that you've had three weeks to worry about

your school, county, and state tax bills, let me give you something else to stew about — that cussed Social Security tax.

As time goes on, the Social Security taxes, which began as "little taxes that won't hurt anybody," are growing into a size that hardly anyone can ignore.

They went up this year, and are due for another raise January 1 of next year. In 1960, the tax for employed persons will be \$144 a year, and for self-employed persons will be \$216. I don't care how much money you're making, taxes of that size amount to something.

We are already certain that the SS taxes will be increased in 1963, 1966, and 1969, and by time we pass those dates we'll probably be looking forward to even more jumps.

Those in-the-future levels of 4.5% for the employees and 6.75% for self-employed are already in the near-confiscatory category. And the probability that even they won't be enough is frightening. For the first time last year, the Social Security Administration paid out more in benefits than it took in through taxation. And the whole idea of Social Security is pay-as-you-go.

The plan is not actuarially sound. The mathematics it's based on makes professional insurance people — who know their risks and costs — shudder. Yet, this tax-collecting monster that the congress is creating is the apple of the legislator's eye. Everyone wants credit for liberalizing the laws and

extending benefits to those who had them before (whether they've paid for them or not) or increasing benefits where they're already going.

It's the old sugar-daddy story of the goose and the golden eggs. The only difference is that it's we taxpayers who are feeding the goose, and the diet is getting to be gold dust instead of chicken feed.

A.M. J. in the Slaton Slatonite: Not long ago I inquired of a local groceryman as to whether he would recommend frozen fruit pies, "yes," he said, "they are better than no pie at all." On that recommendation I persuaded my wife to try one. My judgement is that it would be best to get along without pie and eat corn bread, that is if you can get corn bread at your house. Good corn bread is getting about as scarce as good pie, in fact I wish that the man who thought up the idea of freezing foods could have lost what little mind he had before he dumped the suggestion on the public.

I GIVE YOU TEXAS

House Recalls Time Crowell Back Walked Last Six Yards for a TD

By BOYCE HOUSE

More recollections of a "has been" sports writer:

Vernon was the scene of a district championship game and I made a mistake; I arrived at the field only 30 minutes before the kickoff. The stands, including aisles, were already packed. So I climbed on top of a car back of the press box, jumped and hands pulled me up.

Another time, Childress was the scene of a district title contest. The stands were so crowded that it was impossible to reach the press box, so I obtained permission to get on the sidelines. I made more yardage than any player because Red Rattikin, Childress' great back, ran only when he had the ball but I ran any time anybody had the ball.

Unusual plays recalled: Mike Todd of Crowell, later an Aggie great, broke into the clear against Chillicothe, looked back and saw he was all by himself and so he walked the last six yards across the goal line; the giant end, Rankin Britt of Ranger, caught a pass near the Eastland goal, and was tackled by three small players who turned him halfway around and he backed the final five yards for a touch-down, dragging them along; and, at Brownwood, at almost the end of the game, a substitute intercepted an Eastland pass and ran 35 yards, with Eastland men blocking for him and then tackling him behind his own goal line for a safety which gave Eastland a one-point victory!

Being a sports writer has its occasional embarrassments. I was attending the pre-season district dinner which Breckenridge used to host and, during the meal, the man across the table remarked that Coach Schmidt of T.C.U. was listing huge Dan Salkeld, sophomore and end, at 180. In an undertone, I said to the man next to me, "Rags" Matthews, a T.C.U. immortal, "That reminds me that his high school coach used to list Salkeld at 165." Rags, addressing the first speaker, said, "This fellow says," indicating me, and then repeated my remark. I blushed and so did the other man. He had been Salkeld's high school coach.

Among the coaches in my Oil Belt days (1920-30) were Dave Pena, at Eastland, who had been University of Texas captain; Blair Cherry, at Ranger, later head coach at Texas; Eck Curtis, at Ranger, later backfield coach at Texas; and

W. B. Chapman, at Crisco, who went to Lubbock and, after his death in mid-season, his inspired team went on to win the state championship.

Even when I was sports writer in Eastland or Ranger, "Chap" told me I was always welcome to attend any Cisco practice. I never accepted the invitation but felt honored at what I considered to be a tribute to my fairness and sportsmanship. When I happened to mention this invitation, however, one fan said the coach felt that I knew so little about football

Washington Report

The American Indian---1959

By Representative Walter Rogers
18th Congressional District

Ask the average man in the street today questions relating to the history and the current status of the American Indian and the chances are his answer will be the result of knowledge gained from either the television or motion picture screen. This method, though often a pleasant pastime, does not often produce a broad understanding of the American Indian, his problems, his advances, his contribution to our present day society, nor the present relations of the federal government to the American Indian.

The House Committee on Interior and Insular Affairs, which has legislative jurisdiction in matters concerning American Indians and of which I am a member, has undertaken a study recently to determine information not currently tabulated and which is necessary to legislate intelligently and with understanding.

The completed study is much too lengthy to cover in this news letter, but some facts were brought out which are most interesting. They were assembled from many sources including all the federal government agencies having any jurisdiction in Indian affairs, state and local governments and from private organizations devoted to Indian welfare.

Widely Scattered

The Indian population in the U. S., though comprising only a fraction of the population total, is so widely scattered through the states that it may be truly considered nation-wide in its distribution. That the Indians cannot be treated as a single group is brought out by the following:

Indian reservations range in area from approximately 1/2 acre to over 15,000,000 acres. Per capita assets vary from \$19.12 to \$339,577, while per family assets range from \$59.59 to \$764,049. Population on the reservations ranges from 1 to over 80,000. Education achievement levels vary from those unable to speak English to Indians with Ph.D. degrees.

One of the most perplexing problems encountered in the study proved to be one of definition—who is an Indian? As most of us know, the term originated with the landing of Columbus when he mistakenly assumed he had arrived at the East Indies or India itself. Webster has another definition.

The Code of Federal Regulations defines an Indian basically as one who has at least one-fourth degree of Indian blood. The Court of Indian Offenses holds that "An Indian shall be deemed to be any person of Indian descent who is a member of any recognized Indian tribe now under Federal jurisdiction." Various states employ different definitions.

Expenditures Vary

Annual direct expenditures by the federal government for Indian affairs from 1789 through 1958 have varied from \$31 in 1800 to \$135,173,235 in 1958. The federal agency having the greatest jurisdiction in the administration of Indian matters is the Bureau of Indian Affairs, which is a function of the Department of the Interior.

Many other federal agencies have functions relating to the American Indian. These include the Division of Indian Health of the Public Health Service; the Indian Claims Commission; the Lands Division of the Department of Justice; the Indian Claims Section of the General Accounting Office; the Department of the Treasury which handles Indian tribal funds as well as many others contributing either directly or indirectly.

It was found that 312,390 Indians were living on reservations as of October, 1956, and of this number 143,078 were over 21 years of age. In studying the Indian tribal elections, the committee discovered 122 tribes employ the secret ballot in election and 39 tribes do not. Tribal councils reportedly use the secret ballot on 91 reservations and do not use the same on 46 reservations.

Visitors

Bill Nelson of the Grain Sorghum Producers Association, and whose home is in Amarillo, was in Washington for a few days on business and we appreciated his dropping by the office.

12 From College In New Society

Twelve faculty members of West Texas State College were among the 33 Panhandle educators installed in Phi Delta Kappa, national professional fraternity for men in teaching, at ceremonies in the Blue Room of WT's cafeteria last week.

Installed as president of the group was Dr. Thomas D. MacOwan, associate professor of education at WT, while Dr. J. B. Roberts, head of the WT education department, was installed as historian.

Other WT faculty members in the fraternity are Bob G. Chester, Zeke Marchant, W. M. Stoker, Emmitt Smith, C. C. Callarman, Mitchell Jones, A. Kirk Knott, Kenneth Waugh, Craig Johnson, and James P. Cornette.

Membership in the fraternity is composed of leading educators in the area who are members of their college campus chapters. The group organized last week is known as the Gamma Xi chapter of Phi Delta Kappa.

Don Paris, Oscar Griffin, Benny Cooper, Charles Hillier, and A. C. Haley, Jr., attended the Texas-SMU game in Dallas Saturday.

Walker, Marshall To Be Married

Mr. and Mrs. R. F. Walker of Houston announce the engagement of their daughter, Esther, to Arvie Edward Marshall, son of Mr. and Mrs. Douglas Marshall of Canyon.

Arvie is a senior, majoring in agricultural science, at Texas Tech. Esther has completed two years at Tech in the department of horticulture.

No date has been set for the wedding.

Wayside News

By MRS. W. R. FRANKLIN

Rev. D. L. Hunt filled his appointments Sunday and was a dinner guest in the Charles Kennedy home.

Mrs. Fannie Stevens has been visiting relatives in Kansas, Skellytown, and Pampa.

Mr. and Mrs. Jerry Buster of Duluth, Minn., announce the arrival of their second son, born recently. They expect to be transferred to A. & M. College at Bryan in December.

Mr. and Mrs. W. R. Franklin spent Thursday night in Canyon in the Roy Franklin home.

Mrs. Clifford Stevens and Terry, and Mrs. Willie Modisette motored to Panhandle Wednesday to get Mrs. Fannie Stevens who has been visiting her daughter and family, the Dick Orrs.

Mr. and Mrs. Guy Watson honored her father and mother, Mr. and Mrs. W. C. McGehee Sunday on their 49th wedding anniversary with a turkey dinner. Others enjoying the occasion were Jack McGehee, Gale Watson, and Mr. and Mrs. Darrel Watson of Amarillo.

Mr. and Mrs. Joe Rogers entertained relatives and friends with open house Sunday afternoon in honor of their 40th wedding anniversary. Their children, Mrs. Archie Love and Carol Dean Rogers, were host and hostess.

Patsy Schrib spent last weekend in Wellington with her roommate. The girls are attending West Texas State College.

Mr. and Mrs. Billy Van Kennedy, Jimmie and Kathy of near Claude were dinner guests last Sunday in the Charles Kennedy home.

Rev. Fred Haddock, two Happy boys, and Robert Kennedy attended a college homecoming at Abilene Saturday.

Mrs. Donnie Martin was hostess to a Stanley party Thursday morning with Mrs. Ruth Aikens as the agent.

All men may be born free and equal—but the average man imagines he was born a little more so.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

As happy as that man who financed his new car "the bank way"!

Perfectly understandable: She did so too! Why don't you ask us about the advantages of a bank Auto Loan?

Air Force to Display
Jets Sunday to Public

The Air Force's most powerful jets, including the massive 650-mile per hour Boeing B-52 Stratofortress, may be viewed publicly at close range Saturday and Sunday afternoon at Amarillo Air Force Base's fall "Open House."

Although residents of the Amarillo area have seen and heard the gigantic B-52, Saturday and Sunday from noon to 5 p. m. offers the average citizen an eye-catching on-the-spot look at the Strategic Air Command's number one aircraft, an eight-jet bomber with power equivalent to 30 diesel locomotives.

Edgar Patching
Buried Thursday

Funeral services for Edgar Terry Patching, 61, a resident of Happy since 1917, were held Thursday at the First Methodist Church in Happy.

Patching died Wednesday in a Swisher County hospital.

Officiating at the services was Rev. Walter Hadley, pastor of the First Methodist Church of Happy, assisted by Rev. Floyd Haddock, pastor of the First Baptist Church of Happy, and Rev. James Willet, pastor of the First Presbyterian Church of Happy.

Interment was in Happy Cemetery with Warren-LaGrone Funeral Chapel of Canyon in charge of arrangements.

Patching was born in Tulia on August 7, 1898, and moved to Happy in 1917. A member of the Methodist church, he was active in ranching and farming circles in this area.

Pall bearers included Frank Walters, Bob Johnson, Otis Whitman, Oscar McDonald, Jack Hayes, W. B. Hale, Claude Todd, and Wyatt Heisler.

Survivors include the wife, Fern; one daughter, Mrs. Joann Odom of Happy; one son, Bob Patching of Happy; three sisters, Miss Eva Patching of Amarillo, Mrs. Iva Harris of Tulia, and Mrs. Ruth Craig of Plainview; one brother, Fred Patching, Jr., of Claude, and one grandson, Neil Scott Odom of Happy.

Bill Davis Attends
Insurance School

Bill Davis of the Cole and Davis Insurance Agency of Canyon, has been awarded a certificate of merit upon the successful completion of an intensive six-week course in the America Fore Loyalty School of Insurance conducted in New York City September 14 through October 23.

Exercises for the 26 graduates were followed by a dinner at the Drug and Chemical Club in New York City. Presentation of the certificates was made by J. Victor Herd, chairman and president of the America Fore insurance companies of the America Fore Loyalty Group, and Walter J. Christensen, president of the Loyalty companies.

Davis made a speech of appreciation to the officers and members of the education department at the banquet.

While in New York, Davis took a trip around Manhattan Island; toured the ocean liner The Independence; went to the top of the Empire State Building; saw five Broadway and three television shows; saw New York Yankees and Boston Red Sox play baseball in Yankee Stadium; saw the pro football Philadelphia Eagles play Pittsburgh Steelers and the New York Giants; saw the Ice Capades in Madison Square Garden; visited the Metropolitan Museum of Art; took a weekend trip into Connecticut.

Rode the Staten Island Ferry; made up Rotary twice by visiting the North Shore Club on Staten Island and the New York Rotary Club in the Hotel Commodore in downtown New York; managed to get around on the subways; and saw two shows in Radio City Music Hall.

Davis made the trip on American Airlines Boeing 707.

Rich Man, Poor Man, Beggar Man — CHS Freshmen in Deep Thought

"Rich man, poor man, beggar man, thief, doctor, lawyer, merchant, chief." Many freshmen possibly were counting their buttons with this rhyme as it came time for their vocation themes to be handed in.

In their freshman English classes the students took the Kuder Preference Test in which their answers indicate their interest in various vocational fields.

As a follow-up for this Miss Mary Carter and Mrs. Joe A. Gibson, freshman English teachers, assigned each student a theme on his chosen vocation.

There are 112 freshmen, and out of this number only 12 did not write a theme. But those that didn't write a theme named on the back of their enrollment cards, which they filled out at the beginning of the school year, the profession that they planned to enter.

Fifty students have their minds made up, as they stuck to the same profession on both the enrollment

cards and on the themes. Only 17 students have changed their minds since enrollment, but 33 have made up their minds since enrollment cards were filled out.

Out of the 33 professions named, 24 boys chose farming, which was most popular among the boys, with 16 boys choosing engineering of some field.

The girls chose secretarial science as the most popular with 18 girls deciding to be a secretary. Nursing ranked second with nine girls.

Listed in order are the remaining vocations as chosen by the freshmen. Beginning with fourth place they are as follows: teacher, doctor, art, mechanics, air hostess, business, home economics, science, math, forest ranger, rancher, and lawyer.

The following were chosen only by one or two students: truck driving, modeling, architecture, psychologist, veterinarian, archaeologist, dress designing, beautician, Girl Scout leader, music, military service, welder, therapist, policeman, actress, paleontology, zoology.

Pat's Tickets Given On Slogan Day

Patter

Squad leaders for the Canyon High School Band were announced recently. Those who received the honors were Virginia Crouse, Dorothy Higdon, Sandra Barger, Mary Barger, Pat Haley, Weston Moore, Charles Wagner, Lawrence Lewis, and Ronnie Hughes.

The West Texas Homecoming parade is a very important event coming up this weekend for Canyon High School and Canyon Junior High School. The bands from both of the schools will march. The students of CHS are really looking forward to this annual festival.

This past week has been very unusual at CHS. One day, especially, was particularly interesting. Wednesday was slogan day, and everyone repeated "Get a Hornet" to all other students. Every 25th person who repeated the slogan to secret agents from the student body received a free ticket to the Tulia game.

One of the best all-school socials at CHS was held a week from last Friday. Everyone, including the teachers, got into the act. Mrs. Foster was really magnificent when she danced with 20 boys during two of the hit tunes of the day.

Subscriptions to "Soaring Wings," the high school annual, are on sale during this week only. Hurry and get your order in.

Pamela Richard was greatly surprised when girls from her homecoming class gave her a birthday gift of bubble bath. Mrs. Long and her girls, Sue Frank, Harolene Ladehoff, and Carolyn Milhoan presented the gift to Pam last Thursday.

"I told you not to do this," was Pam's reply after a moment of stunned silence—Happy birthday, Pam!

The trophies at CHS represent many years of hard work and effort on the part of the student body. There are 163 trophies on display in the cases on the second floor of the building. The oldest dated trophy is a football won in 1925 when Canyon played Pampa. Another football tells us that Canyon won over Amarillo 13 to 12 in a football game, probably around 1925. We can be proud of our victories in the past, and we can be prouder of our accomplishments this year.

Principal J. E. Miller reports a pleasant trip to San Antonio last week. He attended a principal's meeting October 24-27.

Walton Bagley and Billy Martin represented the Canyon FFA Chapter at the National FFA Convention in Kansas City, Missouri, October 11-16.

Only a fool has to learn things through experience.

CHS Sophs Take Aptitude Tests

During English classes October 19 and 20 the sophomores took aptitude tests. These tests were to measure the students' mental ability necessary for academic work. For this purpose they will be found most useful.

The purposes of the Henmon-Neelson Tests of Mental Ability are for classification, better understanding and handling of pupils, supplementing teachers' estimates, for vocational and educational guidance, as entrance examinations, and for evaluating teaching procedures.

CCYC Receives New Song Books

New song books were donated to the CCYC this year by the Ministerial Association and the United Church Women.

Between 8:30 and 8:45 every Monday morning all is quiet in the halls of CHS. Then voices are heard. What is it? The CCYC is singing songs in the auditorium. This meeting is open to all students and is sponsored solely by the CCYC.

The new books are appreciated by all the attending students. Last year there were not enough books to accommodate everyone.

This is purely a voluntary thing the CCYC is doing. Sarah Ragle, president, and Dorothy Ann Higdon, past president, usually preside at these weekly gatherings.

Freshman Day Is Tomorrow

Freshmen, tomorrow is THE DAY, Freshman Day, that is.

In a class meeting Wednesday, November 4, seniors will decide who their freshman brother or sister will be. In most cases each senior will have either two boys or two girls. Freshmen will not know who their senior brother or sister will be until Freshman Day.

Thursday morning all freshmen will meet with the seniors in the auditorium at 8:30 a. m. sharp. Here the freshmen will be required to sing the school song and recite the pledge to Canyon High School. The freshmen will then give to their senior brother or sister 20 cents to pay for a purple beanie to be worn the remainder of the day and all during the next week until the end of Homecoming activities on November 13.

Freshman boys will be dressed in white shirts, bow ties, and dress trousers. Freshman girls will wear white blouses, dark skirts, and white socks.

The duties of the freshman boys and girls on Freshman Day are to carry the books of their senior brother or sister to all his classes, open doors and bow after each service.

At noon freshmen will serve the seniors especially prepared lunches in a decorated box. Whether this will be on the lawn or in the gym depends upon the weather. Prizes will be awarded for the best decorated boxes.

A party will be given for the freshmen by the seniors at the end of the day in the old gym. Moving pictures will be taken of this activity.

Members of the senior class, their sponsors and the administrators will see that all practices are in keeping with the standards of Canyon High School.

Joel Reese and Kathy Hinger congratulate each other on being chosen Mr. Purple and Miss White, royalty for School Spirit Week.

School Spirit Royalty Crowned As Climax to All-School Social

The crowning of Joel Reese and Kathy Hinger as Mr. Purple and Miss White was the climax of the evening at the All-School Social October 23.

The gala school event was called by Mr. George Cristy, junior sponsor, the most successful school event yet.

The evening started with a program featuring the Los Hijos de Fuego and spotlighting Mike Poole and the quartet backing him. The first portion of the dance got underway with Bill Cornette as master-of-ceremonies and Joel Reese in charge of the record player.

Next item on the program was refreshments of cookies and Cokes provided by the freshman class. Two skits were presented, one on school spirit with Karen Brewster, Harry Lisle, Lynne Larson, Frances Kiker, Jeanne Brazil, and Larry Holman.

The second skit was the trial proceedings of a football player, Jackie Breitling, who was accused of biting. Wilma Burkett played his girl friend and Marla Free played a glamorous eye-witness. Jerry Richardson was the ball player's attorney, and John Wear was the prosecuting attorney. Bill Cornette played the part of the judge.

The jury was composed of Ronnie Harris, Richard Purcell, Mr.

Grid Manners Good or Bad?

A thought occupied a few CHS girls' minds. How do our football boys act on their out-of-town trips? Are they courteous, well behaved, and considerate?

Dalhart junior and senior high school football players came through Canyon a week or two ago. They were heading back home and they were hungry. The boys stopped at the Steak House to eat. This procedure is not unusual, but do all teams stand and say grace before eating, as they did? Does our team do this?

Coach Bill Davis said the CHS football team acts just as well or even better than other teams. He said, "Our boys don't walk off with the silverware and they are one of the best teams I've ever coached."

Our boys are rated at the top where manners are concerned, and as long as our team continues to have such fine coaches and members, it will stay that way.

Many compliments have been received from the restaurant and cafe owners. Coach Davis reports, concerning the good behavior of the CHS team. Keep up the good work!

FTA Attends District Meet

Members of the Future Teachers of America attended the meeting of District IX, FTA, at West Texas State College yesterday.

Paulette Cooke of Pampa, president of District IX, made introductions and presided over the business meeting in the auditorium. At 11:30 a. m., students went to workshops and to view films.

Lunch for presidents and sponsors was in the Blue Room of the college cafeteria. In the afternoon the Mr. and Miss FTA contest was held, followed by a talent show and introduction of next year's officers.

UN Talks Note Special Week

In observance of United Nations Week, October 18-24, talks were given by three Canyon High School students, Billie Miller, Mary Bess Brillhart, and Bill Cornette.

Purpose of the United Nations is to promote world-wide peace. In 1950 there were 60 members in the U. N., and the headquarters are in New York City. The Security Council, which has 11 members, is responsible for promoting peace and security in the world. The "big five" must always be included in the council, and any one of these five has the right to veto a proposed action.

The Economic and Social Council has 18 members, and its duty is to promote the economic, social, and cultural welfare of the UN members. The Trusteeship Council is composed of representatives of nations which are responsible for the welfare of peoples who have no strong government of their own, or have smaller subject peoples under their supervision.

The International Court of Justice, composed of 15 judges chosen by the Security Council and the General Assembly, takes the place of the court which the League of Nations had established and which was often known as the World Court. Questions involving treaties or matters of international law and the performance of proper responsibilities of nations toward one another are examples of some of the matters with which this court may deal.

The Secretariat handles the official correspondence and other routine business of the UN, and keeps its records. The General Assembly is composed of representatives of all the United Nations' members. At the meeting of the Assembly in the fall of 1947, a sort of Interior Committee was provided for, which consisted of one representative of each member who could discuss matters that might come up between regular sessions. It's often referred to as the Little Assembly.

The General Assembly chooses a President for each session, and a Secretary-General who is the head of the Secretariat, and has charge of the administrative side of the UN. The General Assembly, also, chooses all of the different councils' members.

Weekly Devotionals Carry on for CHS

The bell over the PA system rings and the students settle down for the announcements, but wait, what's this? Yes, it's Wednesday morning and time for the devotional again. This is a part of the morning many seem to especially enjoy.

Judy Roberts, Cheryl McClure, Beth Fowler and Virginia Crouse have given devotionals since our last published list.

Members of Mrs. Lee Foster's speech classes give the devotionals every Wednesday morning. These talks and a prayer usually last from three to five minutes.

A list of names is pinned up in Mrs. Foster's room and each week a person is chosen to give the talk. This touch of religious feeling follows the students throughout the day. The talks are sincere and can be felt deep in the heart, if one chooses to listen to the meaning.

Mrs. Foster said, "I choose boys and girls to give the devotionals because of their ability and need. They don't all belong to my speech class. I choose a few others from other classes in school."

Cakes, Anyone?

Duncan Hines fruit cakes packed in beautifully lithographed tins are available in two, three, and five pound sizes and may be bought from any Future Homemaker of America. These cakes are chock full of fruits and nuts, and are made from a famous New Orleans recipe. About 125 FHA'ers are taking orders to be delivered the latter part of November, and the cakes will be mailed directly to any individual for a small fee.

The past week homemaking students took out a few minutes of each class and had a tasting party of samples cut from a fruit cake they had ordered so that they could be sure of quality.

Homemaking salesgirls have also been selling Eunice King's canned cakes, Cherry Pecan and Pecan Party Cakes. If you are in need of a cake, contact a Future Homemaker. The money from these sales will be used to finance different projects (state and national) for the club, as national FHA week, state meeting, and FHA banquet.

A contest is being held with prizes for the three girls with the highest sales. About 200 Eunice King's cakes have been sold and about 60 fruit cakes. Mrs. Clara B. Long and Mrs. Guylene Stover are the homemaking teachers and FHA sponsors.

American Education Week Observance Set For Nov. 8-14

Mr. Joe A. Gibson, superintendent of Canyon schools, extends a hearty welcome to all to visit the Canyon schools during American Education Week, November 8-14.

He said, "As we prepare for AEW this year let's renew our trust in America, its ideals and aspirations and hold true to the

things that have made America great. Let's be true to our fellow students, faithful to our parents, and uphold the standards of our religious beliefs.

"These are the aspirations which have brought happiness and achievement to America and its people. These also are the aspirations that must help us find our way in the worlds of tomorrow."

The general theme for this year's American Education Week is "Praise and Appraise Your Schools."

The FTA will sponsor many activities during AEW. Each morning over the PA system an FTA student will briefly discuss the topic for the day. The topics for each day, beginning with Sunday, are: The Child: What Does Education Mean To Him?; The Parents: How Can They Work for Better Schools?; The Teacher: What Is A Teacher?; The People Next Door: Who Are They?; The School Board Member: What Are His Responsibilities?; The Adult Citizens: How Can the Schools Serve Them?; The Voter: How Does He Make His Decisions on Education?

An information desk will be in the main hall. FTA is also in charge of this. Part of the assembly Friday will be devoted to AEW.

President Dwight D. Eisenhower proclaimed AEW as a national observance of American education. Special emphasis is being placed on home and church observance of this activity.

Seniors Select Invitations

Selecting invitations was the main order of business in the senior class meeting October 22.

The class chose white announcements with the word "Senior" outlined in purple. The senior students chose a design that is different from any used in the past. The invitations fold from the top instead of the side.

The memory books were also selected, but they are the same as last year's.

Mr. Battle Harris, sales representative, will be back sometime in February to take orders.

FHA Week Starts Nov. 2

Future Homemakers of America have a National FHA observance week November 2-7. Linda Burgess is general chairman of this activity. Mrs. Clara B. Long and Mrs. Guylene Stover assisted students in planning a schedule of activities for this week.

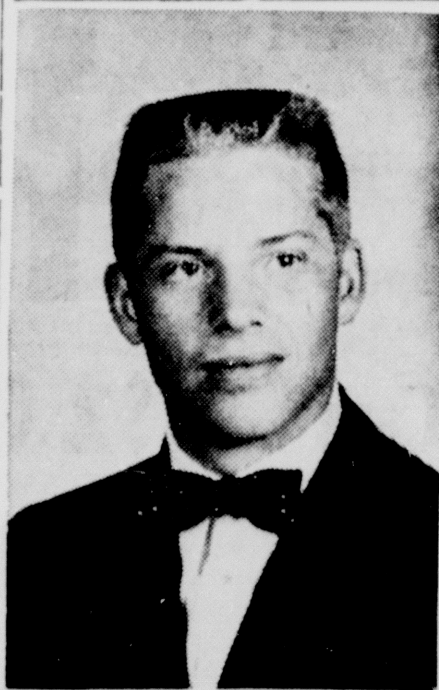

Sunday Marita Gill, chairman, planned for the FHA girls to go to church together at the First Christian Church. Monday, Kay Boydston was in charge of Good Deed Day. Peggy Sue Hales and Marilyn Winn planned the monthly meeting and the Bible activity Tuesday.

Today, Nancy Cleavinger is in charge of Smile Day. A tea for teachers and the administration is planned for Thursday with Anne Guthrie as chairman. Frances Kiker is in charge of Litter Day (when students are NOT supposed to make a litter) and home and family life on Friday. The last day, Saturday, will be spent on a check-up of cake sales. Jo Ann Thompson is in charge of this day.

Annual Staff Now Taking Subscriptions

November 2 through November 6 the annual staff will be in the auditorium before 8:30 and during noon to take deposits on the '60-'61 copy of "Soaring Wings."

This year the deposit will be \$2 with no refund of deposit. Yearbooks should be ordered now, as Mrs. Lee Gilmore, sponsor, says that the total number of orders must be given to publishers this fall.

CHUCK NESTER

School VIP's

Opening assembly programs is one of the many duties Chuck Nester, Student Council president, performs at CHS.

Chuck, son of Dr. and Mrs. C. R. Nester, lives on the Palo Duro highway with his parents and two sisters, Sally, 12, and Kay, 7.

His hobbies are hunting, fishing, and playing piano and organ. He is also a member of the Los Hijos de Fuego.

Even though being Student Council president is a big job, he still finds time to be a loyal member of the Canyon Eagles and is one of the captains. He is also active in track.

Last year Chuck was Student Council vice president and president of the Science Club. On completion of high school Chuck plans to attend the University of Texas.

The Nesters lived in Houston before moving to Canyon in 1948. Chuck says his favorite young lady is his mother, Mrs. Sally Nester.

Chuck's pet peeve is drivers who use their bright lights while driving in the city. He also says people that will not accept responsibilities rather annoy him.

To discover God's will for his life and to do it to the best of his ability is Chuck's life ambition. (For those who may need an explanation, VIP means Very Important Person).

Homecoming Day Friday, Nov. 13

Homecoming plans for Friday, November 13, are incomplete but these are the probable events.

Friday afternoon, there will be an assembly in the high school auditorium. At 8 p. m., Canyon will play Dimmitt in the Buffalo Bowl. This will be followed by a social honoring all CHS students, all ex-students, and their families. This dance will be held in the Elementary School all-purpose room.

The Homecoming Queen will be crowned and her attendants recognized during half-time at the game Friday night.

Thursday night before Homecoming Day a Flame King and Queen will be crowned at the bonfire.

FTA members will register ex-students all day Friday in the main hall at the high school and at the social.

All students should plan to take an active part in the activities.

Mrs. Hill Has FTA Program

At the October 19 meeting of the D. A. Shirley FTA Club, Beverly Richard, program chairman, introduced Mrs. Jewell Hill, third grade instructor, who presented a most interesting reading lesson.

Mrs. Hill's students demonstrated the way they learn to pronounce and recognize words. Students were Ricky Warren, Howard Clement, Debbie Vaughn, Dee Lynn Bellah, Sherri Adams, and Linda Richard.

John Wear and Bill Callarman, president, were elected voting delegates to the district meeting, with Jimmy Killingsworth and Linda Redman as alternates.

Refreshments were served by hostesses Judy Roberts, Cortez Marie Dowlen, and Linda Redman.

CHS Trio Sings For Lions Club

A trio from the CHS Choir furnished musical numbers for the Lions Club October 21.

Beginning with "Dry Bones," sung in Negro style, Carole Jones, Billie Faye Miller, and Stephanie Conboy, accompanied by Karen Brewster, followed with their version of "Autumn Leaves." After "Unchained Melody," the religious song, "My God and I" was presented.

The climax of the program was "Toot, Toot, Tootsie, Goodbye," sung by the trio and the club members.

Mr. Gene Murray is choir director.

Mr. John Conrad Presents Puppets

Mr. John Conrad, master puppeteer, brought to the Canyon High School auditorium last Thursday a story with a vivid flair that captivates not only children but everyone who is young at heart.

Mr. Conrad presented his marionettes in the true story of Louis Braille who at 18 years of age perfected the Braille system.

The story tells of the blind orphan, Louis Braille, who is befriended by kind strangers, how he loses his faithful dog, Rags, the discovery of a simple way for the blind to read and write, the grand ballroom sequence in which this unique system is lauded by renowned scholars, and of Rags' return in the finale to climax the joy of the blind boy genius.

Tea, Open House To Fete Harter

A tea and open house will be held at the parsonage of the First Christian Church, 1711 Fifth Avenue, Sunday to celebrate the first anniversary of Rev. Dale M. Harter as pastor of the church.

Time for the affair is 3-5 p. m., under the direction of Mrs. F. M. Blackburn and Mrs. Luke Miller, co-chairmen of the Christian Women's Fellowship committee, in charge.

The Rev. Harter and his family came to Canyon one year ago from Los Angeles.

Members Move Into New Church

All-day services were held Sunday in the new Assembly of God Church on Highway 87 after two creditors filed disclaimers in 47th District Court here.

Church Finance, Inc., of Lubbock and W. E. Medlock filed disclaimers for their part in a suit brought along with J. M. Willson of Floydada for collection of a trustee's deed of \$67,307.

The disclaimers were filed Monday.

In earlier action on the suit, a letter from Southwest Electric Supply Company to Rev. A. J. Pettit, pastor of the Assembly of God church, shows the payment of \$3,000 and says that the payment fully releases the \$7,000 debt.

The disclaimers filed by Church Finance, Inc., and Medlock frees the church of indebtedness to them.

A number of claims against the church building remain outstanding, however.

The suits claim the church defaulted on payment of the debt after the church was completed some three years ago.

Rev. Pettit would not release information on how the 128 members of the Assembly of God church repossessed the church building.

Instead, he preferred to call it "a 20th Century miracle." "We give God all the credit," he said.

Accountant Files For Rogers' Post

Arthur Glover, Amarillo certified public accountant, has filed as a candidate for the Democratic Party nomination for Congressman from the 18th Congressional District.

The 18th Congressional District includes Randall County. The post is now occupied by Rep. Walter Rogers of Pampa.

Commission Cracks Down on Speeders

A new, general speed limit for the City of Canyon will take effect next week, Herschell Stevens, city secretary, said Tuesday.

Acting on the recommendation of City Police Chief L. D. Caldwell, the City Commission last Thursday set 30 miles-per-hour as the speed limit within the city limits. Affected are the areas on Highways 217 and 87 which had speed limits ranging up to 45 mph.

Stevens said the change would become effective as soon as the Texas Highway Department erected new signs telling the speed limit. He estimated that it would be next week before the signs could be put up.

AROUND TOWN

Continued From Page 1

their daughter and family, Mr. and Mrs. Robert Ballard, Mike and Keith.

Jack Jennings returned Tuesday night from Dallas where he attended the market show there.

Mr. and Mrs. Richard Hefley and son of Gruver spent the weekend with her parents, Mr. and Mrs. A. B. Berry.

Mrs. Alton Wallace and children of Crosbyton are visiting her parents, Mr. and Mrs. J. A. Edwards.

Mrs. H. Doyle Ragle attended the national meeting on the work of the deaconesses of the Methodist church at Southern Methodist University Thursday, Friday, and Saturday last week. Mrs. Ragle is the conference president of the committee for deaconess work in the Northwest Conference.

Mr. and Mrs. Earl Pickard of Albany visited in the home of her brother, the David Horns, Sunday.

Mrs. A. W. Harding and Jim attended the christening of Leslie Mone't Liemer, daughter of Mr. and Mrs. Roland Liemer, in Dumas Sunday.

Mr. and Mrs. Norman Glenn, Mrs. A. R. Glenn and Mrs. Norma Gunnels were dinner guests in the Mark Gunnels home in Amarillo Sunday.

Mrs. James Cole, Mrs. Richmond Hales, Dr. Leta Boswell, Mrs. Clyde Warwick, and Mrs. Rae Walters attended the district Toastmistress Club meeting in Amarillo last week.

Mr. and Mrs. F. V. Brasher and Mr. and Mrs. D. P. Clark visited with relatives in Plainview Sunday.

The Very Rev. Blake Hammond, dean of the Oklahoma City Cathedral, has returned to Oklahoma after conducting services at Canterbury House and at the All Saints Episcopal Church for a month.

DOUBLE GUNN STAMPS TUESDAY
BROS.

Talk Set Tuesday By GOP Senator

Republicans will gather in Amarillo at the Herring Hotel at noon Tuesday to hear a message from the chairman of the Republican National Committee, Senator Thurston B. Morton of Kentucky.

All interested citizens are urged to be present by W. Glynn Morris, GOP District committeeman, and Mrs. G. N. McDaniel, GOP district committeewoman.

Senator Morton, a veteran congressman, will make Amarillo one of his six stops in Texas on a 30,000-mile junket of the nation. His purpose is to remind Americans of their political responsibilities during the coming months, Morris said.

Reservations for the noon luncheon are being received by Mrs. Tana White, 1000 Adams Street in Amarillo, phone DR 4-3174, and by Dr. C. O. Morgan, 4411 Charlene in Amarillo. Dr. Morgan is county GOP chairman.

People who run up too many bills find it difficult to run down the money to pay for them.

Rev. Roy N. Byrd, Jr., former Canyon resident, has become a true "Sky Pilot" for members of his church in Valentine, Nebraska. The Presbyterian minister visited several of the members of his church by air to invite them to a special communion service. Rev. Byrd is the son of Mr. and Mrs. Roy N. Byrd, who live southwest of Canyon.

Rev. Byrd Turns Real 'Sky Pilot'

A former resident of Canyon, now a minister in Valentine, Nebraska, has taken to the air to serve members of his church.

He is Rev. Roy N. Byrd, Jr., son of Mr. and Mrs. Roy N. Byrd, who live southwest of Canyon. Rev. Byrd is pastor of the Presbyterian church in Valentine.

The minister earned the nickname of "Sky Pilot" after calling on some of the members of his church by air to invite them to a special communion service he planned for his church.

The Valentine Newspaper said, "The Rev. Mr. Byrd, comparatively new in the community, has found it difficult to make personal calls on all the members of his church, some of whom live as much as 75 miles out in the Sandhills."

So successful were the flying visitations that Rev. Byrd plans to make them a regular practice.

Thanksgiving Party Planned by HD Club

A Thanksgiving dinner and party, to be held November 21 in the Herbert Gerdson home, was planned when the Palo Duro-Rusk Home Demonstration Club met October 28 with Mrs. Henry Miller. Mrs. Edd Reynolds had charge of the program "Building a Better Community."

Members and guests sang several songs, and Mrs. Norman Tueck became a new member of the club. Yearly reports were made out. Mrs. Miller served nut bread sandwiches, Bismarks mints, nuts, and coffee to 11 members and three guests, Mrs. L. L. Jones, Mrs. Jessie Parker, and Mrs. C. W. Samples.

Next meeting will be with Mrs. Douglas Marshall November 10.

CHARACTER

It is no problem to figure out if a fellow is crooked if he is viewed from the right angle.

LEGAL NOTICE

CONTRACTORS' NOTICE OF RANDALL COUNTY HIGHWAY CONSTRUCTION November 2, 1959

Sealed Bids addressed to E. T. Cummings, County Auditor, Randall County, Canyon, Texas, will be received at the office of the County Auditor and/or The Commissioners' Court until 11:00 A.M., November 23, 1959, for furnishing all plant, labor, materials and equipment and performing all work required for the construction of approximately 5 miles of Flexible Base and Asphalt Surface Treatment from F.M. Hwy. 1062, 6 miles West of U. S. Hwy. 87 at Canyon and North to F.M. Hwy. 2219 and also approximately 1 mile of Flexible Base and Asphalt Surface Treatment beginning at the Amarillo-Canyon Expressway 5 miles North of Canyon and West 1 mile, IN Precinct No. 4.

All proposals shall be accompanied by cashier's or certified check upon a national or state bank in the amount of 5% of the total maximum bid price or a bid bond in the same amount from a reliable surety company, as a guarantee that the bidder will enter into a contract and execute performance bond within ten (10) days after notice of award of Contract to him. The notice of award of contract shall be given by the Owner within ten (10) days following the opening of bids.

The successful bidder must furnish performance bond upon the form provided in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety.

The right is reserved, as the interest of the Owner may require, to reject any and all bids, and to waive any informality in bids received.

Plans, specifications and bidding documents may be secured from the office of Harvey W. Schmidt, Consulting Engineer, 221 Paramount Bldg., Amarillo, Texas.

The minimum wages to be paid on the work included in the proposal shall not be less than the minimum wages required by the Texas Highway Department for similar work.

Bidders shall inspect the site of the work and fully inform themselves as to all conditions and matters which can in any way affect the work or the cost thereof.

THE COMMISSIONERS' COURT
RANDALL COUNTY, TEXAS
BY: ROY JOE STEVENS
COUNTY JUDGE 3012

TIE-BREAKER GAME—GIVE SCORE

Mississippi _____ Auburn _____

FOOTBALL CONTEST

WIN \$5 CERTIFICATE

REDEEMABLE AT ANY OF THE SPONSORS

YOU MAY BE THE WINNER OF A \$5 MERCHANDISE CERTIFICATE. Enter today and every week. The tie-breaker game will determine the winner in case of a tie only. MARK, THEN MAIL OR BRING YOUR ENTRY TO THE NEWS OFFICE.

CONTEST RULES

- Entries to be judged by the sports editor of this paper. Decision of the judge is final.
- Entries must be submitted on official form, as printed in this newspaper.
- Weekly contests open to everyone except employees and families of this paper and sponsoring firms.
- The deadline for weekly submission is 1 p. m. Friday. You may enter as many as three times each week.
- Winners will be announced on Wednesday of the week following in this newspaper.

Buffs Sink Drake, 34-21, For First Season Victory

Coach Clark Jarnagin's Buffaloes dialed the right combination Saturday night to come up with West Texas State's first win of the season and the second victory in their last 17 starts.

And Buffalo Stadium's sparsest crowd of the season watched as the Herd dumped Drake University, 34-

21, in a non-conference go at the new stadium.

The Des Moines, Iowa, team was never in the game as the Buffs ran the score to 20-0 at halftime. An aggressive Buff line camped in the Drake backfield throughout most of the first half and allowed the Bulldogs a mere 21 net yards rushing during the first two periods of play.

Pass for 3 TDs

Coach Jarnagin's operatives took to the air lanes for three scores—with three different passers and three different receivers—and rushed for the other two.

Snagging the three passes for scores were end Fred Hedgecock, who gathered in fullback Rex Loftis' first aerial of the year; halfback Jim Wood, who nabbed a shot from quarterback Carl Johnston; and halfback Jimmy Jones, on the receiving end of quarterback Bill Mayfield's throw.

Quarterback Jim Dawson, who started for the Buffs, posted the other two WT six-pointers on runs.

Get Two on Ground

The Bulldogs got two scores on the ground, then clicked on a nine yard pass play for the final tally.

The Loftis to Hedgecock aerial accounted for the first WT score, with the play going 17 yards. Frosh halfback Jerry Logan set up the TD with a splendid 54-yard dash around end to move the Buffs out of their own territory. Dawson pitched to halfback Ray Powell to make it 8-0 at the end of the first quarter.

Wood Scores on Pass

On the second scoring pass play—in the second period—Wood took a short screen pass from Johnston and moved 45 yards behind good blocking for the score. He faked out the last Drake defender for the counter with 10:20 of the first half remaining. Jones' run for the conversion failed and WT led, 14-0.

With 15 seconds left to play in the second stanza, Dawson kept for 12 yards for the third Buff tally, climaxing a 60 yard march in 12 plays. Powell's conversion run was halted, and the first half ended with WT leading, 20-0.

Dawson plowed over from the one in the third period, ending a 29-yard march that took seven plays. WT got the ball when Loftis swiped a Bulldog aerial on the Drake 47 and returned it to the 29. Loftis added the two-pointer after Dawson's TD to make it 28-0.

Ends 63-Yard Drive

Mayfield tossed to Jones in the end zone for the final Buff counter. The play, which covered 16 yards, followed a 63-yard march that took 10 plays. Ned Jolly dropped Mayfield's pass on the PAT try.

All the Bulldog tallies came in the second half, with sophomore sensation Art Nichols, speedy Drake halfback, providing the thrills.

The Nacogdoches, Texas, speed merchant turned the corner on jaunts of 36 and 63 yards for two tallies. Nichols was the leading ground gainer of the night, racking up 156 yards on 19 carries.

First Drake Score

Drake's first score came at the end of Nichols' 36-yard scamper. The Bulldogs moved from their own 31 yard line for the tally. The PAT kick was no good.

Nichols turned on the speed again in the final quarter, as he rambled around end for 63 yards to pay dirt. Dave Zeinemann's kick was good and the Bulldogs cut the Buff lead to 34-13.

Quarterback Ken Macke tossed a nine-yard pass to end Bob Daut with 1:05 left in the game for the final TD of the game. Macke pitched to Dave Erbst for the two points which made it WT 34, Drake 21.

By MRS. J. W. WESLEY

J. A. Carr visited Tuesday evening in the J. W. Wesley home.

We received 2.40 inches of rain Thursday afternoon.

Virgia Liston returned Thursday from Oklahoma where she had been visiting her sister.

Virgia Liston's son is visiting her and was welcomed at Church Sunday.

Jim Carr attended the funeral of his son-in-law, Bill Charles, in Albuquerque on October 24.

Visitors in the G. E. Wesley home Sunday were Brother and Mrs. Charles Pierce and Chuck, E. P. Wesley, and Mr. and Mrs. H. Shipman.

Frank Rogers went to Canyon Sunday after church to visit with his sister, Kate Folk.

Mrs. G. E. Wesley was ill Sunday morning and was unable to attend church.

Frank Rogers was cutting feed for Woodrow Tucker last Wednesday.

Word has just been received of the death of Mr. W. A. Williams' mother, Mrs. J. W. Bird. The family lived in our community for a number of years.

Mr. and Mrs. J. W. Wesley were in Canyon Wednesday.

Everyone has been quite busy harvesting maize until stopped by the rain.

Mrs. Nan Earlyle Gothreaux has been running temperature since having a second polio shot.

Mr. and Mrs. John Patterson are planning on building a new home.

Henry Fowler Serving With Helicopter Group

Henry T. Fowler, son of Mr. and Mrs. H. R. Fowler of Canyon, is serving with Helicopter Utility Squadron One at the Ream Field Naval Auxiliary Air Station at Imperial Beach, Calif.

Fowler, airman apprentice, reported to Imperial Beach during October from the Naval Training Center at San Diego, Calif.

Before entering the Navy in July Fowler attended West Texas State College.

Do you ever search frantically through the attic of memory for the name of a book? You read it once — it's gotta be there! Yet seek and sort as you will, the name of book or author won't separate itself from a jumble of shadows.

We once loaned a favorite book to a young woman who was new in town. When she returned it, she enclosed a little thank-you note that was really a summing-up of the book's impression on her. And by formulating the thoughts it inspired, to share with its owner, she had also deposited a neatly labeled package on her own mental bookshelf.

The other day, thanks to finding the woman at home from whom we once borrowed a book whose title was eluding us, we could polish off an idea while it still challenged. But we aren't always that lucky.

One of the joys of reading is to find a comparison between what happens today and what an author once said so well. A treasure hunt may be prompted by experience, conversation, or more reading, as we try to recapture some fleeting thought that darts to-and-fro across memory's window.

We propose a new type of memory jogger; one to put away in a drawer beside the address book, the birthday and anniversary reminder, and the picture album. It's a book diary — what we read, who wrote it, what idea and what character was most provocative. Then when we begin midnight fencing with a ghost-like character that won't go 'way, we could get up and go to the little book and find him! Once he was confronted face to face, he'd either vanish or else fit properly into the pattern of our reverie.

Canyon Graduates Attend Texas A&M

Three Canyon High School graduates are enrolled in Texas A&M at College Station during the fall semester.

The trio are Charles W. Conatser, son of Mr. and Mrs. C. V. Conatser; Royce E. Gum, son of Mr. and Mrs. L. E. Gum; and Leo C. Rigby, son of Mr. and Mrs. R. R. Rigby.

Adams Participates In Naval Exercise

Jimmy A. Adams, son of Mr. and Mrs. Sam Adams of Canyon, is taking part in a large fleet training exercise off the coast of Southern California November 2-6.

Adams, torpedoman's mate third

class, is serving aboard the destroyer USS Hollister in the exercise, which involves units of the U. S. Pacific Fleet.

The exercise, under the direction of the commander of the First Fleet, is pitting "Blue" attack carrier striking forces against opposing "Orange" defensive forces. The Blue forces are launching carrier aircraft attacks and simulated guided missile attacks on a large land mass. The Orange defenders are attempting to stop them with Navy carrier and land based aircraft.

The age of reason depends on individuals—some never reach it.

Fierce Eagle Line Play Paves Way for 22-0 Win

Sharp line play—on the offense and defense—made the difference last Friday night as the Canyon Eagles moved into contention in the District 1-AA picture.

The Eagles blanked the Tulia Hornets, 22-0, in conference activity and showed the form which placed them among the top 10 AA teams in the state early in the season.

Tulia didn't even throw a scare into Coach Bill Davis' charges at cold Younger Field in Tulia as the Eagles completely dominated play.

Past Midfield Once

Only once did the Hornets move the ball past the midfield stripe. And that resulted from a series of penalties against the Eagles.

Tulia took the ball on their own 34 yard line with about 45 seconds left in the game and the Eagles drew 25 yards in penalties before the game ended.

The Hornets ran two plays on the series, gaining five yards. The game ended with the ball on the Canyon 39 — the deepest Hornet penetration of the night.

Eagles Score Early

The Eagles jumped to a one touchdown lead in the first quarter, then added insurance counters in the third and fourth periods to sew up the game.

Crisp blocking and sharp tackles spelled the difference during the contest as the interior linemen for the Eagles opened gaping holes in the heavier Hornet line and provided the key blocks which allowed the backs long gains on the plays off tackle and around end.

Guard Billy Triplett, 145-pound senior, turned in yeoman service on the wide plays as he consistently mowed the Hornets down.

Takes Two Defenders

In the waning seconds of the third quarter, Triplett blocked out two defenders, springing halfback Tommy Henderson loose for an 18-yard jaunt.

Outstanding on defense was Ronnie Harris, 155-pound sophomore, who led the Eagle charge in holding the Hornets to a net 103 yards gained rushing.

Quarterback Jerry Richardson sparked the Eagle offense, scoring twice on keeper plays, then dialing halfback Jim Marrs' number in the fourth quarter as the speedy sophomore got off a fine 19-yard sprint for the final TD. It was the only time Marrs ran with the ball during the game.

Richardson Scores

Richardson cashed in on a five yard romp around right end with 6:35 left in the initial frame, climaxing a 73-yard drive in 13 plays. Fullback Chuck Nester slipped off right tackle to add the two pointer for the 8-0 score.

Nester got the drive underway with a five yard blast over left guard, Richardson added six on a wedge play and two on a keep around right end, and Nester got two more at right guard to put the ball on the Canyon 41.

Henderson then skirted left end for 10. Nester got one more at left guard, Triplett cleared halfback Mike Poole for a 15 yard sprint around right end that carried to the Tulia 31. Nester got two at guard, Poole added two on an off tackle slant, Henderson lost two at left end.

Richardson Romps

Richardson picked up 18 big yards around right end, and Nester probed the middle for seven more yards before Richardson tallied.

With 3:13 left in the third period, Richardson scored again, this time skirting left end for six yards.

The play capped a 70-yard march that took 14 plays. Nester's dive into left tackle was stopped on the conversion attempt, but the Eagles led, 14-0.

Richardson mixed his plays well. He sent Nester into right guard for three, into left guard for five, sneaked for one, then sent Nester into left guard for the first down on the Canyon 40.

Poole Carries for 14

Poole got another assist from Triplett and carried for 14 yards to the Tulia 46. Nester blasted right guard for nine, Richardson skipped around right end for 16. Nester hit the middle twice for five more, Richardson added another five around right end, then Nester slipped off tackle for six to the Tulia 10.

Henderson gained two at left end, Nester picked up two at left guard, then Richardson hit paydirt. Canyon 14, Tulia 0.

Henderson recovered a Hornet fumble on the Tulia 46 to set up Marrs' tally with 53 seconds left to play. Marrs rambled around left end for 19 yards to cap the drive that took 13 plays. Nester circled right end for the points after.

Killingsworth Runs Show

After Henderson recovered, the Eagles were penalized five yards for illegal procedure, then Jimmy Killingsworth, who had replaced Richardson at quarterback, kept for two around right end. Nester probed right tackle for seven and five yards, before Tulia was penalized 15 yards to the Tulia 20. Killingsworth then skipped

Nester, C.	5	8	46
Poole, M.	2	0	12
Richardson, J.	9	1	56

around right end for 11 yards in two trips, Nester got another yard up the middle. Poole gained four around right end, and the Hornets held Nester for no gain up the middle. The Eagles were penalized 15 yards to the Tulia 19 for illegal use of the hands. Killingsworth's pass to Richardson, playing the lonesome end, was dropped, then Marrs got his big play.

RAMBLING AROUND

By DOYLE G. THOMAS
ASC Office Manager

The county allocation for the 1960 Conservation Reserve Program has been received and indications are that the acreage in the program will be increased by about 10,000 acres. This will make a total acreage in the county of about 33,000 acres or roughly 10 percent of the cropland.

All farmers who bid less than 95 percent of their rates will be offered a conservation reserve contract. We are in the process of inspecting and measuring the acreage at this time and each applicant will be notified when the contract is ready to sign.

It is unknown at this time if farmers bidding 95 percent or above will be offered contracts. Indications are that part of this acreage may also be accepted later.

We were advised last Monday that new aerial maps would be received for this county next week. These maps were flown last June and will show the numerous changes made in the county since 1953. It is hoped that the new maps can be prepared in time to use for wheat measuring which will start around December 1.

The time of year is approaching when there is generally a large turnover of farm operators and owners. We would appreciate it if new operators or owners would advise us so that our records can be kept up to date. We have found that headaches, both for the farmer and us, can be eliminated later on if we make these changes when they occur.

Mrs. Harter Reports On National Trip

The AAUW met for a luncheon Saturday at the Elementary School cafeteria where they heard Mrs. Charles Harter speak.

She gave a report on her trip to Kansas City in June to attend the national convention. She also attended a travel workshop in Amarillo three weeks ago and reported on that meeting.

Thirty members of the AAUW attended the luncheon.

The next luncheon will be held Saturday, December 5, at the cafeteria.

The man who knows his business never has to explain to others his reasons for what he does.

LEGAL NOTICE
